10th August 2007

Dear Scouter,

Greater London Region – Development Strategy 2007 – 2012 document

It gives me great pleasure in presenting to you the draft Greater London Region – Development Strategy 2007 - 2012 document. It's our aim to greatly improve consultation and communication in our region and I hope you will find time to read through this important document and provide feedback through your County.

The attached document sets out Greater London's Vision, Strategy and Objectives over the next five years. Each area will be championed by one of the Regional County Commissioners. The areas included in the draft are:

- Growing Scouting in our Region
- Towards a youth led Region
- A focussed Region
- A sound Region
- A relevant Region
- A diverse Region

You have until 21 September 2007 to provide feedback. We want to hear your views about growing, developing and improving the quality of Scouting across our region.

I look forward to hearing from you.

Dean J Milton
Regional Commissioner
Greater London
